### ABOUT ME

I am a front end developer, and systems engineering student from Argentina, I have also worked as an audiovisual editor while I was training as a programmer, I am currently looking for new challenges as a front end developer, I really want to learn and teach with a work team and contribute my work for your company. I consider myself a person with good social skills, I can work in a team and pay attention to my colleagues and my work bosses. I like to solve problems and create various solutions using tools, knowledge, reasoning and imagination.
